<b>Category:</b>	Logging & LogViewer	<b>Estimated time:</b>	8.00 hours
<b>Target version:</b>	μWeb alpha release	<b>Spent time:</b>	0.00 hour

#### Description

Documentation for logging and the LogViewer needs to be created. This is probably essential for a 1.0 release, as it's one of the Good Things in μWeb.

This probably needs to link from the Request Router page, where the explanation for the PACKAGE variable should be covered briefly, and then in detail on the logging page.
